BUDGET IMPLEMENTATION

The Board of Education places the responsibility of administering the budget, once adopted, with the Superintendent. The Superintendent shall keep the Board informed as to problems or concerns as the budget is being implemented.

The Superintendent is authorized to proceed with making financial commitments, purchases, and other expenditures within limits provided in the budget, limitations stated in Board policies, and within legal authority expressed in State statutes.

Listings of expenditures and appropriate financial reports shall be available monthly to the Board to keep members informed as to the status of the budget and overall financial condition of the District. Once each month, the Board minutes shall include a statement of the receipts and expenditures in the aggregate and the beginning and ending balances.

The Superintendent shall present recommended adjustments or amendments to the approved budget in accordance with requirements of the law and provisions of negotiated agreements. Amendments must be approved by a two-thirds (2/3’s) vote of the full Board.
