

CONTROL OF BLOODBORNE PATHOGENS

The Board of Education seeks to protect those staff members who may be exposed to blood borne pathogens and other potentially infectious materials in their performance of assigned duties.

The school district shall employ an environmental firm to assist in overseeing the following:

- A. identify those categories of employees whose duties create a reasonable anticipation of exposure to blood and other infectious materials;
- B. provide for inoculation of the Hepatitis B vaccine at no cost to the staff member and in accordance with Federally-mandated scheduling;
- C. ensure proper training in the universal precautions against exposure and/or contamination including the provision of appropriate protective supplies and equipment;
- D. establish appropriate procedures for the reporting, evaluation, and follow-up to any and all incidents of exposure;
- E. provide for record-keeping of all of the above which complies with both Federal and State laws;
- F. adhere to the exposure control plan.
