GROWTH

This priority area measures year-to-year student progress on statewide tests. It uses a value-added model that seeks to control for circumstances beyond the influence of educators. A high value-added score means that on average students in the school are progressing more quickly than other, similar students. Growth is scored from 0 to 100 to match the other priority areas and is a conversion from the roughly 0 to 6 value-added score.

English Language Arts Score: 69.8

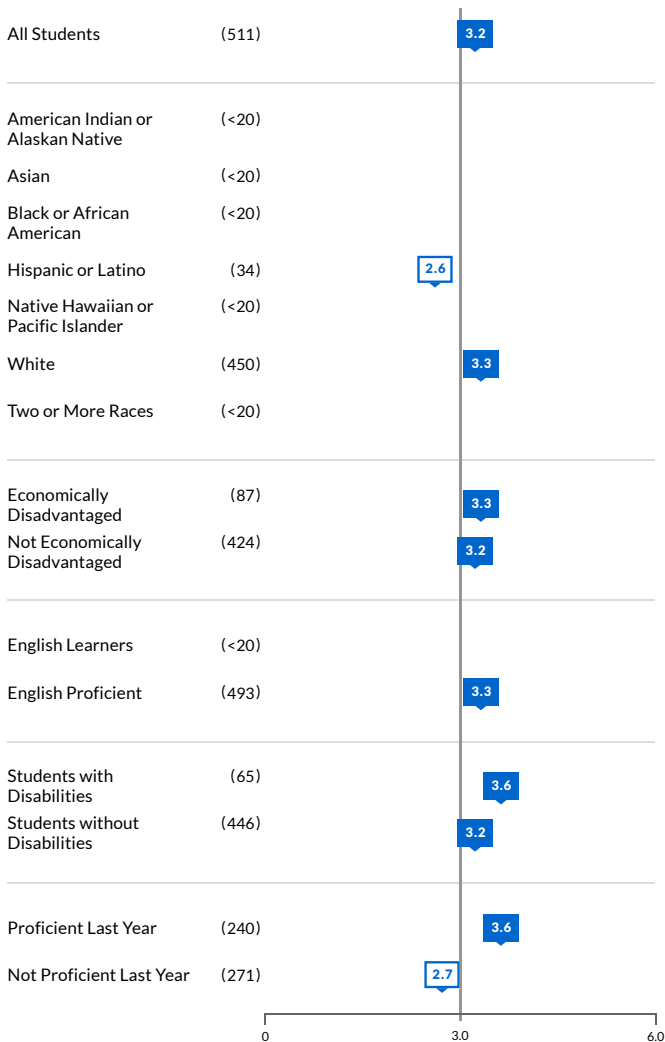

Mathematics Score: 54.6

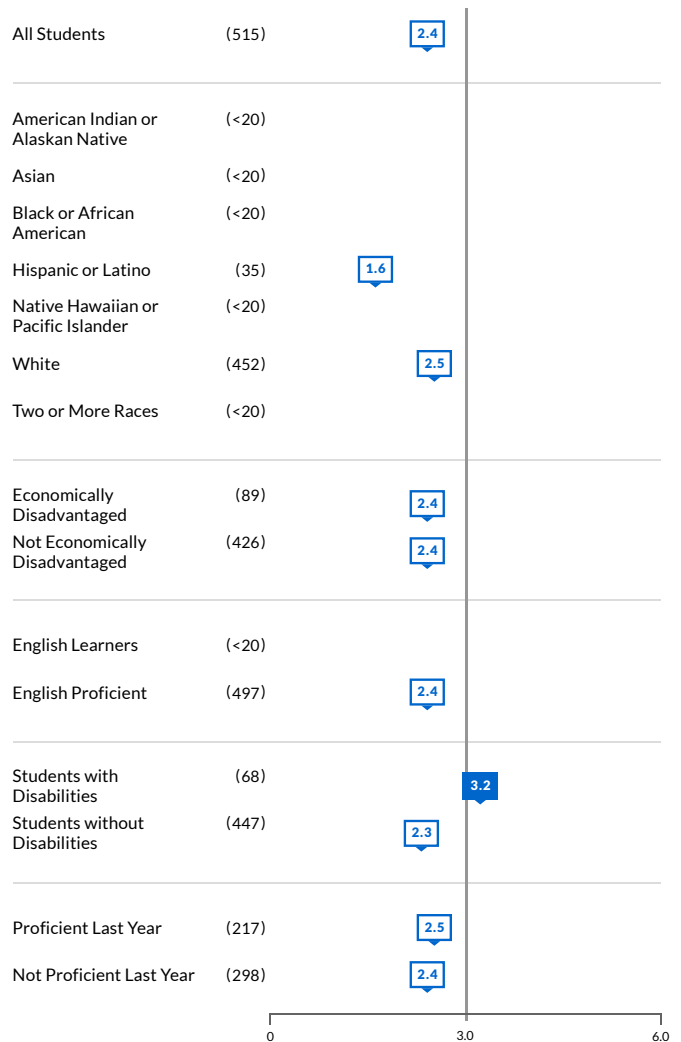

Student Group Value-Added (for information only)

Value-added scores cover an approximately 0-6 range. Higher scores mean greater positive impact. A score of 3.0 is average. Group size is shown in parentheses. Groups with fewer than 20 students do not have a score displayed. Shaded boxes indicate higher-than-average scores.

TARGET GROUP OUTCOMES

This priority area examines outcomes for students with the lowest test scores — the Target Group. It is designed to promote equity by helping schools focus on learners who need the most support while also improving outcomes for all students. The priority area score combines component scores for achievement, growth, chronic absenteeism, and attendance or graduation rate. Data are not displayed when target groups have fewer than 20 students.

POSTSECONDARY PREPARATION, 2020-21

Section 115.385 (d)1.-5., Wis. Stat., requires report cards to include data on pupil participation in various postsecondary preparation opportunities. All data are for grades 9-12. This is for information only and does not affect scores. Course and program data are reported by schools and districts to DPI. Please use caution when interpreting these data. Asterisks replace all-student participation data if the school enrolled fewer than 20 students.

2021-22 REPORT CARDS AT-A-GLANCE

SCHOOL/DISTRICT INFORMATION ¹

School or district information, displayed towards the top of the front page, provides important context for reviewing the report card. These descriptive data include the grade span, student demographics, enrollment count, and (for public schools/districts) percent of students who were open-enrolled or (for choice schools) the percent of students participating in the choice program.

OVERALL SCORE & RATING ³

Each school or district receives an Overall Score from 0 to 100. This score is calculated by combining the weighted average of the Priority Area scores. The Overall Score places a school or district in one of five rating categories ranging from Significantly Exceeds Expectations to Fails to Meet Expectations. A five-star rating system is also provided.

STATE COMPARISON DATA ⁶

The priority area sections on the front page include state comparison bars, which are colored gray. For schools, state comparisons are based on one of six broad grade bands: K-5, K-8, K-12, 6-8, 6-12, and 9-12. State-level component scores are given for comparison purposes only and do not factor into the accountability scores or ratings.

COURSE DATA

Report cards for public schools/districts with grades 9-12 contain arts and postsecondary preparation course data on subsequent pages (not on the front page).

OPTIONAL STATEMENT ²

Schools and districts have the option to submit a descriptive statement that appears in the top right corner of the front page.

PRIORITY AREA WEIGHTING ⁴

Next to the space for the rating category is a pie chart displaying the weighting used when calculating overall scores. The weighting for Achievement and Growth varies depending on the percent of economically disadvantaged students in the school or district. For more information, see the [online weighting calculator](#).

PRIORITY AREA SCORES ⁵

On the bottom half of the front page, scores are provided for the four priority areas, along with bar charts showing priority area component scores.

Achievement: students' level of knowledge and skills attained compared against state academic standards in English language arts (ELA) and mathematics.

Growth: how rapidly students are gaining knowledge and skills from year to year, focusing on the pace of improvement in students' performance.

Target Group Outcomes: outcomes for students with the lowest test scores in their school - the Target Group. Outcomes are displayed for achievement, growth, chronic absenteeism, and attendance or graduation rate.

On-Track to Graduation: how successfully students are achieving educational milestones that predict later success.
