TROOPS ARE FORMING NOW!

At Girl Scouts, she'll explore science, technology, engineering, and math (STEM), which will strengthen her critical-thinking and problem-solving skills so she can create her own success—whatever that looks like to her. Unlock her potential with a year of problem solving, taking the lead, and working to earn badges in just about everything that piques her interest. And watch her achieve anything she puts her mind to, no matter how big or small her goal is. Get ready, because she's going to make the world a better place - today and for the next generation!

Membership is open to all girls who are 5-17 years old, make the Girl Scout Promise, accept the Girl Scout Law and pay the annual \$30 membership fee. Financial assistance is available to new Girl Scouts in need.
