

# Intro to Coding With Ozobots

Four Classes  
Offered!

Friday, Feb. 9, 10:15 a.m.–11:00 a.m. & 2:15 p.m.–3:00 p.m.

Friday, Feb. 23, 10:15 a.m.–11:00 a.m. & 2:15 p.m.–3:00 p.m.

Combine art,  
imagination, and coding  
all into one!

Ozobots are line  
following robots that  
move along the paths  
that you draw.

Ozobots are small robots with big minds!  
These robots recognize colors patterns  
and execute code based upon the color  
sequences that you create.

Challenge them to mazes and create  
your own unique paths!

This program is recommended for school  
-age kids and space is limited. Please  
register at the circulation desk or by  
phone for one of our classes today!
