

# 2022-2023 COVID-19 Learning Plan

Port Washington-Saukville School District - August 2022

# Commitment to Success

*“We educate all children to reach their greatest potential”*

Includes:

- Delivering instruction in the safest manner for every PWSSD student
- Providing all students in-person learning opportunities to the fullest extent possible
- Providing staff safe in-person teaching opportunities to the fullest extent possible
- Recognizing the social and emotional well-being of every student and staff member.

# Lessons Learned from 2021/2022 School Year

Data supports in-person  
instruction

Communication and  
updates

Pivot and implement  
change

# Guidance and Considerations

## Data to Monitor

Positive cases and trends within  
District

Trends in burden and trajectory

Vaccination status and  
recommendations

Hospitalization rates

## Areas to Monitor

Port Washington-Saukville Schools

Port Washington-Saukville boundaries

Surrounding School Districts

County & State

# Guidance and Considerations

Centers for Disease Control

Washington Ozaukee Public Health Department

Wisconsin Department of Public Instruction

Wisconsin Department of Health Services

American Academy of Pediatrics

Local districts, Superintendent and CESA meetings

# Mitigation Strategies

**COVID TESTING  
SITE**

**HVAC**

**ISOLATION**

**CLEANING  
PROTOCOLS**

**HAND HYGIENE**

# Leading Recommendations

**QUARANTINE**

**ISOLATION**

Data Points	Positive Cases <10%	Positive Cases >10%
District mask protocols	May be worn by all adults and students	COVID-19 Response Team will look at adjusting or adding additional mitigation measures
District quarantine protocols	The District does not require quarantine for close contacts, regardless of vaccination status.	
District isolation protocols	Individuals who are symptomatic or confirmed positive COVID-19 test will follow CDC protocols.	
District contact tracing	No contact tracing will be conducted	Contact tracing would resume

# Future Adjustments

## Future Adjustments

The Board of Education grants the COVID-19 Response Team, in consultation with the Board Executive Committee, the authority to pivot from the current recommendations, as needed during the 2022-23 school year, to assure the health and safety of all children and adults.

Pivots from the leading recommendations would be based on additional findings provided to the COVID-19 Response Team by the CDC, DHS, Washington Ozaukee Public Health, DPI, from internal trends and/or data, or other recognized state and federal authorities regarding recommendations for adjustments of the current mitigation measures.

All adjustments made must fall within the defined parameters/guidelines approved by DPI for public schools.

# Communication

## Communication

- COVID-19 Dashboard
  - Updated every Friday (or last day of school week)
  - Positive cases are monitored daily and dashboard is updated if metric threshold is crossed
- COVID-19 District Webpage (<https://www.pwssd.k12.wi.us/Page/4419>)
  - Updates and information about COVID-19 within the District
- Districtwide Emails
- Board Meeting(s)
  - COVID-19 a standing update on board agendas (once a month)
- Districtwide In-Touch Group

# In Summary

## Summary of the Recommendations

- The COVID-19 Response Team allows anyone to make the choice to wear or not wear masks indoors unless adopted thresholds are passed.
- All children and adults have the option to wear or not wear masks on school buses and school transportation.
- Isolation protocols will follow the CDC guidelines.
- The Board of Education grants the COVID-19 Response Team, in consultation with the Board Executive Committee, the authority to pivot from the current recommendations, as needed during the 2022-23 school year, to assure the health and safety of all children and adults.
